COURTS AND JUDGES—ONTARIO

The Supreme Court consists of two Branches, viz. The Court of Appeal and The High Court of Justice.

The Court of Appeal hears appeals from decisions of the High Court and of the lower courts.

The High Court of Justice hears various cases, criminal and civil, and has a wider jurisdiction than the lower courts. A trial judge sits several times each year in the various counties and judicial districts.

The next lower Courts are the County and District Courts and the Division Courts.

One of the County Court Judges in every County is also the Surrogate Judge. The Surrogate Courts deal with wills, and estates of deceased persons.

Appeals may be taken in certain cases, from the Supreme Court of Ontario to the Supreme Court of Canada, and from County, District and Division Courts to the Court of Appeal.

The Exchequer Court of Canada tries cases with which the Crown is concerned, admiralty matters, patents, copyrights, trade marks, Dominion Revenue, railways under the authority of the Parliament of Canada, and railways not wholly within one Province, and disputes between Provinces.

There is an Ontario branch of the Exchequer Court, known as the Ontario Admiralty District.

Total Incorporated Municipalities	955

*There are 43 Counties, some of which are united for purposes of local government as follows:

Leeds and Grenville,
Northumberland and Durham,
Prescott and Russell,
Stormont, Dundas and Glengarry.

The northern portion of the Province of Ontario is divided into 11 Districts and the southern portion into 43 Counties. The union of the following counties, Leeds-Grenville, Northumberland-Durham, Prescott-Russell and Stormont-Dundas and Glengarry reduces the county administrations to 38 distinct units for local government. The districts, unlike counties, are not organized for municipal purposes and as a result, the 216 incorporated municipalities contained therein are not united for municipal administration.

With the exception of the 24 cities and the 7 separated towns which are located within counties, the remaining 670 local municipalities in counties are united for administration in the counties of which they form part. This relationship is for the purpose of the administration of inter-related interests such as education, roads, welfare and administration of justice. Members of the County Councils are composed of the reeves of all the local municipalities with-

in the county and in certain cases the deputy reeves. The 7 separated towns are: Brockville, Gananoque, Ingersoll, Prescott, St. Mary's, Smith's Falls, Trenton.

POLICE VILLAGES

In addition to the organized villages listed elsewhere in the Ontario section of the Canadian Almanac, there are some 181 police villages.

A police village is run by a Board of Trustees elected by the residents. The Board of Trustees runs its local affairs, but cannot levy any taxes or make by-laws which involve the borrowing of money. It has to send in a requisition to the authorities of the township of which it is part for any finances it requires, such as for local improvements or lighting or village constabulary.

DATES OF MUNICIPAL ELECTIONS, ONTARIO

Municipal elections in Ontario are held at various dates provided for by The Municipal Act, Chapter 266, R.S.O., 1937, sections 64-71 as amended.

Section 64 provides that the nominations shall be held at noon on the last Monday in December except when the last Monday is Christmas day in which case nominations shall be held on the preceding Friday, and the date for polling shall be the first Monday in January; unless council under authority of section 65, not later than November 1st, passes a by-law fixing dates during the period November 15th to January 2nd both inclusive for nominations and elections, said dates to be other than a Sunday or the 24th, 25th or 31st of December and provided the day fixed for nominations is not less than seven days prior to the day fixed for polling in force until repealed, but no appeal or amendment after 1st of November of any year.

In addition, when new municipalities are erected, the Municipal Board may set the date for the holding of their first elections.

ART GALLERIES AND MUSEUMS IN CANADA

THE NATIONAL GALLERY OF CANADA, OTTAWA
Board of Trustees—Chairman, Rt. Hon. Vincent Massey, C.H.; H. S. Southam, C.M.G.; Jean Chauvin, F.R.S.C.; Robert Newton, M.C., Ph.D.

Director, H. O. McCurry.

Curator of Canadian Art, R. H. Hubbard, Ph.D.

Curator of Prints and Drawings, K. M. Fenwick.

Industrial Design Section, D. W. Buchanan.

Open every day except Christmas Day. Week-days, 10 a.m. to 5 p.m., Sunday, 2 to 5 p.m.

Founded in 1880 by the Marquis of Lorne, Governor General of Canada, 1878-83, the National Gallery has developed by means of annual grants voted by Parliament and through gifts and bequests. It is governed by a Board of Trustees established by the National Gallery of Canada Act, 1913 (3-4 Geo. V, c.33) which charges it not only with the care of the collection but also with the general promotion of the interests of art in Canada.

The permanent collections include European, British, and Canadian painting, sculpture, prints, and drawings, and other works of art. A new *Catalogue of Paintings* in the collection was published in 1948. Photographs and colour reproductions are available. At the National Gallery, special exhibitions, public lectures, classes for children and other students, and concerts are held.

An extensive national programme of travelling exhibitions accounts for some 200 showings throughout the country, ranging from small photographic displays to large collections, according to the requirements and facilities of the receiving centre. Besides collections of Canadian art, the National Gallery organizes and circulates exhibitions of the art of other countries; and correspondingly it sends Canadian exhibitions abroad (see *Annual Report* for details of exhibitions and their itineraries). Extension work on a national scale also include the publishing and distribution of colour reproductions to schools and other educational bodies, and to the general public; and loans of films on art, lantern slides, and prepared addresses illustrated with slides (see leaflet, *Reproductions, Publications and Lending Collections*); radio broadcasts to schools, and experimental educational tours involving exhibitions, films, and the services of a lecturer, are methods evolved in recent years. The National Gallery takes a leading part in the publication of the magazine "*Canadian Art*". A new section of the National Gallery encourages Canadian design in industry by means of publications, circulating exhibitions, and a photographic archive of all original Canadian designs.

THE NATIONAL MUSEUM OF CANADA, OTTAWA

The National Museum of Canada originated in the Geological Survey of Canada, which was founded in 1842 by Sir William Logan. Authority to designate it the "National Museum of Canada" was given by Order-in-Council P.C. 2615 of January 5, 1927. Formerly it was designated the Victoria Memorial Museum.

The National Museum exhibits collections illustrating the natural history of the Dominion; its Geology, Mineralogy, Palaeontology, Biology and Anthropology.

The study collections are open to research by properly qualified students. They include over 225,000 sheets of plants, phanerogams and cryptogams, 19,500 mammals, 35,000 birds, 5,400 lots of amphibians and reptiles, smaller collections of fishes and marine invertebrates, 50,000 archaeological specimens, 20,000 ethnological ones and 1,000 in Physical Anthropology. Folk song collections include phonographic recordings of 3,000 Indian, 6,000 French-Canadian, and several hundred British-Canadian songs. Scientific and educational publications on these subjects are available for distribution.

ROYAL ONTARIO MUSEUM

100 Queen's Park, Toronto 5

BOARD OF TRUSTEES—Robert Fennell, K.C., *Chairman*; Mrs. H. D. Warren, LL.D., C.B.E., *1st Vice-Chairman*; Sigmund Samuel, LL.D., *2nd Vice-Chairman*; Professor M. B. Baker; Henry Borden, C.M.G., K.C.; W. H. Clarke; Rev. H. J. Cody, C.M.G., LL.D.; Edward Johnson, C.B.E., LL.D., Mus.Doc.; Professor Fred Landon; Rt. Hon. Vincent Massey, C.H.; Colonel W. E. Phillips, C.B.E., D.S.O., M.C., B.A.Sc.; Sidney E. Smith, M.A., LL.D.; Miss Helen Reynar, *Secretary of the Board*.

ROYAL ONTARIO MUSEUM OF ARCHAEOLOGY—Professor G. Brett, M.C., M.A., *Director*; Professor T. F. McIlwraith, M.A., F.R.A.I., F.R.S.C., *Associate Director and Keeper of the Department of Ethnology*; Professor H. E. Fernald, A.B., *Keeper of the East Asiatic Department*; Professor J. W. Graham, M.A., Ph.D., *Keeper of the Greek and Roman Department*; P. St. G. Spendllove, *Keeper of the Modern European Department*; Professor the Rev. R. J. Williams, M.A., B.D., *Keeper of the New Eastern Department*; Mrs. G. Brett, *Keeper of the Textile Department*.

The Museum possesses large collections that show the primitive skills of the palaeolithic, neolithic, copper and bronze ages; the early grain civilizations are illustrated in galleries of Babylonian and Egyptian objects. An historical European sequence is contained in galleries devoted to the Greek and Roman collections, including a fine collection of Greek vases, and to the mediaeval and modern periods, including arms and armour, ceramics and glass, woodwork and furniture, textiles, embroideries and lace. The Far Eastern collection is of great importance, with stress laid on Chinese bronzes and ceramics, and on Japanese material. There is a large Ethnological collection, especially of American Indian material. The Museum includes a collection of Japanese prints and the Sigmund Samuel Canadiana Collection.

The collections have been formed to teach as far as possible the history of mechanical work, and to be a stimulus to the modern worker.

ROYAL ONTARIO MUSEUM OF GEOLOGY AND MINERALOGY—Professor V. B. Meen, M.A., Ph.D., *Director*, Professor E. S. Moore, M.A., Ph.D., F.R.S.C., *Director Emeritus*; Professor A. L. Parsons, B.A., F.R.S.C., *Director Emeritus of Mineralogy*.

The museum occupies two galleries. The exhibits in the north gallery are partly arranged on an economic basis, sections being devoted to ores, fuels, ceramics, building stones, abrasives, refractories, etc. Especial attention has been directed to building and ornamental stones; copper, nickel, radium, silver and

gold ores, Canadian coals, etc. The geology of famous mining regions is illustrated by mine models and suites of specimens. There are models of an oil field and oil well with working pump. Glacial geology has received much consideration; striated surfaces, striated stones, and tillites are represented from all the known ice ages and from all parts of the world. Dynamic and Structural Geology are well represented by numerous specimens and models, and there is a large collection of water colour paintings of glacial features.

The south gallery contains an unusually complete series of minerals from all parts of the world as well as a special collection of Canadian minerals; collections of cut gems, crystals, meteorites, rocks; and a special series to illustrate the mineral association found in deposits of gold, silver, lead, zinc, radium and nickel, as well as certain non-metallic series. Among the popular exhibits are a reconstructed crystal cave and a collection to show the fluorescence of minerals.

A large part of these collections has been presented by persons connected with the mining industry.

ROYAL ONTARIO MUSEUM OF PALAEONTOLOGY—Professor Madeleine A. Fritz, M.A., Ph.D., F.R.S.C., *Associate Director*.

The museum contains extensive series of Invertebrate fossils arranged to illustrate the anatomy and classification of the different zoological branches, and to indicate the important faunas of the geological ages. Vertebrate fossils are represented by numerous reptiles and by an excellent collection of mammals and fishes. The mounted skeletons of dinosaurs from Alberta are a feature of especial importance. Fossil plants are shown by good series of Carboniferous, Cretaceous, and Interglacial forms. The collections contain, also, a special Canadian series designed for the use of students of Canadian geology.

Much unique material is included in the exhibits, and numerous type specimens of particular value, e.g. Matthew's types of Cambrian fossils from eastern Canada and type dinosaurs from the Cretaceous formations of Alberta.

The walls of the galleries of invertebrate palaeontology are decorated with an elaborate series of paintings portraying successive stages in the development of the earth. They emphasize particularly the animals and plants of past ages.

ROYAL ONTARIO MUSEUM OF ZOOLOGY—Professor F. A. Urquhart, M.A., Ph.D., *Director and Curator of Entomology*; L. L. Snyder, *Associate Director and Curator of Ornithology*; Dr. R. L. Peterson, M.Sc., Ph.D., *Curator of Mammalogy*; Dr. W. B. Scott, Ph.D., *Curator of Ichthyology and Herpetology*; E. B. S. Logier, *Associate Curator of Ichthyology and Herpetology*; T. B. Kurata, B.Sc., *Assistant Curator of Invertebrate Zoology*; T. M. Shortt, *Chief of Art and Exhibits*.

The exhibits are arranged in two galleries, one showing a representative series of animals foreign to Canada; the other, a fairly complete series of Canadian vertebrate animals and representative series of invertebrates. In the introductory portion of the Canadian gallery special exhibits are arranged including realistic reproductions of scenes showing animals as they are found in nature.

Aside from the Museum's teaching exhibits, it possesses extensive study collections. These are richest in Canadian forms.

DIVISION OF EDUCATION—Miss Catherine Steele M.A., *Supervisor*.

This Division has been organized to enlarge the Museum's service to the public in all fields. More extensive co-operation with schools is being put into effect, and an adult education program of afternoon and evening courses offered. Through this Division the Museum offers travelling collections to schools and other services to outlying parts of the Province.

FOREIGN EXCHANGE QUOTATIONS

The following are nominal quotations, based on rates available in London or New York and converted into Canadian terms at the mid-rate for sterling or par for United States Dollars, as furnished by the Foreign Exchange Division of the Bank of Canada. These quotations may be found useful in considering statistics and prices generally, but Canadian exporters are reminded that the kinds of currency which may

be accepted for exports to different countries are specifically covered by the Foreign Exchange Control Act and Regulations and that funds may sometimes be tendered in payment for exports, which cannot, in fact, be transferred to Canada. Both importers and exporters are advised to communicate with their bankers before completing financial arrangements for the sale or purchase of commodities, to ensure that the method of payment contemplated is not only possible but that it is in accordance with the Foreign Exchange Control Act and Regulations.

THE RELIGIOUS SOCIETY OF FRIENDS

QUAKERS

The Religious Society of Friends originated in England in the 17th Century. Its distinctive Christian witness has been based on what has been called "The Inner Light". Quakers believe that "there is something of God in every man", and that human personality is of great importance. From this conviction arises the Quaker way of worship and the well-known interest in peace, penal reform, and other questions involving the use of goodwill in overcoming evil.

There are three branches of the Society in Canada—the "Hicksite" Friends, "Orthodox" Friends and the "Wilburite" or "Conservative" Friends. Total membership of the three groups is about 1100. The three Yearly Meetings hold joint and concurrent sessions at the end of June at Pickering College, Newmarket, Ontario. *Presiding Clerk*: Howard W. Clayton, Norwich, Ontario.

CHURCH STATISTICS

Clergy: 17; Churches: 8; Members of the Canadian Council of Churches.

THE SYNAGOGUE IN CANADA

The Jews of Canada number 170,241 (Census 1941). There is no federation of synagogues in Canada. Each synagogue is autonomous, is responsible to no superiors, affiliated with no hierarchy. Any group of Jews may form a synagogue, which does not necessarily require the services of a rabbi, any individual being eligible to lead in the recital of prayers.

There are three tendencies evident in Judaism—orthodox, conservative and reform. The orthodox tendency parallels the fundamentalist movement in Christianity; the reform tendency is modernism in Judaism; the conservative tendency is the middle movement.

The Holy Blossom Synagogue of Toronto, the Temple Emanu-El of Montreal, and the Anshe Sholom Synagogue of Hamilton are affiliated with the Union of American Hebrew Congregations, the federation of reform synagogues. The Shaar Hashomayim Synagogue of Montreal, the Goel Tzedec of Toronto the Adath Israel Congregation of Montreal and Beth Israel of Vancouver are affiliated with the United Synagogue of America (conservative). Most of the Canadian congregations are unaffiliated with any parent organization. These parent organizations have no authority over their constituent members.

The President and Vice-President are elected for a four-year term (which ends at noon of January 20th) by a college of electors who are chosen by direct vote of the citizens in every state; the voting takes place on the Tuesday after the first Monday in November in every fourth (usually leap) year. Following this election

the electors meet and give their votes at the respective state capitals on the first Monday after the second Wednesday in December. The votes of the electors are opened and counted in the presence of both Houses of Congress on the 6th day of January. In actual practice, however, the electors invariably vote unanimously for their political party's nominees for President and Vice-President although there is no constitutional requirement compelling them to do so. As soon, therefore, as the popular votes in the November election are counted in each State, the results are made public, and thus the names of the President and Vice-President can readily be forecast.

The Statutory Salary of the President is \$100,000 a year; \$50,000 a year is also allowed the President for official entertainment expenses. The Salary is subject to statutory taxes.

Forms of Address.—The President is addressed in diplomatic correspondence: His Excellency; The Vice-President, Honourable. In ordinary correspondence: My dear Mr. President, or, more formally, To the President; or, Hon. ———, President.

UNITED STATES CABINET

Secretary of State—Dean G. Acheson, of Connecticut.

Secretary of the Treasury—John W. Snyder, of Missouri.

Secretary of Defense—George C. Marshall, of Virginia.

Attorney General—J. Howard McGrath, of Rhode Is.

Postmaster General—Jesse M. Donaldson, of Missouri.

Secretary of the Interior—Oscar L. Chapman, of Colorado.

Secretary of Agriculture—Charles F. Brannan, of Colorado.

Secretary of Commerce—Charles Sawyer, of Ohio.

Secretary of Labor—Maurice J. Tobin, of Massachusetts.

The Executive power is vested in the President, who appoints the Cabinet.

THE UNITED STATES CONGRESS

The Legislative power is vested in the United States Congress which consists of two houses: the Senate and the House of Representatives. The Senate consists of two Members from each State, elected for six years, one-third retiring every two years. The House of Representatives is elected for two years, each State choosing one or more representatives according to population. The period of a Congress is thus two years, a newly elected House of Representatives beginning its term and one-third of the Senators retiring at the same time. Congress must assemble at least once each year. Members of both Houses receive salaries of \$12,500 a year with \$2,500 expense account, plus allowances for travelling and clerical help. The last Congressional elections were held November 7, 1950.

THE CANADIAN FEDERATION OF LABOUR

The Canadian Federation of Labour is defined in its constitution as "a fraternity of autonomous all-Canadian unions, equal in status, in no way subordinate one to another, . . . bound together by a common desire to defend and preserve the economic liberty of the workers".

Established in 1902 as the National Trades & Labour Congress of Canada, the Federation adopted its present name in 1908. In 1927, in a merger of several organizations it became known as the All-Canadian Congress of Labour, but it emerged again as the Federation in 1936.

The aggregate membership of the Federation is 53,600. The Federation leaves to the affiliated unions the publication of their own statistics. For this reason, the statistics usually furnished by governmental agencies are far from complete.

PROHIBITED GOODS

The importation into Canada of any goods enumerated, described or referred to in Schedule "C" (See P. 771) is prohibited.

COMBINE CLAUSE

1. Whenever from or as a result of a judgment of the Supreme Court, or Exchequer Court of Canada, or of any superior court, or circuit, district or county court in Canada, it appears to the satisfaction of the Governor-in-Council, that with regard to any article of commerce there exists any conspiracy, combination, agreement or arrangement of any kind among manufacturers of such articles, or dealers therein to unduly promote the advantage of the manufacturers or dealers at the expense of the consumers, the Governor-in-Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor-in-Council that such disadvantage to the consumer is facilitated by the duties of Customs imposed on a like article.

MARKING OF IMPORTED GOODS

The Governor-in-Council may from time to time order imported goods to be marked so as to indicate the country of origin.

Under this provision, the following classes of goods imported into Canada, shall be thus marked or labelled in legible English or French words, and such markings shall be as nearly indelible or permanent as possible, viz:—

Printed or lithographed matter of all kinds, including books and pictures.

Seals, tickets or labels, irrespective of dimensions when imported in packages or coverings or in strips, sheets or rolls, in quantities in excess of 100 units are subject to the general marking regulations and each seal, ticket or label is required to be marked.

Seals, tickets or labels, exceeding one inch in their greatest dimension whether imported in packages or in strips, sheets or rolls, perforated or otherwise prepared for ready separation into single units, or intended to be used in such single units, must be marked with a satisfactory indication of the country of origin on each single unit. The above when not exceeding one inch, when imported in packages containing not more than 100 each, or in strips or rolls of not more than 100 units, may be marked with a satisfactory indication of the country of origin on the first package or on each strip or roll.

Decalcomania or dry transfers, not including ceramic or enamel transfer, are required to be marked with an indication of the country of origin as printed or lithographed matter. Such marking may be affixed on the back or carrier portion thereof, or on each sheet or roll, in the case of dry transfers, on the package in which such transfers are contained, when marking on the sheet or roll is impracticable.

Decalcomania transfers, imported for advertising and display, will be required to be marked with an indication of the country of origin on the face thereof as heretofore; marking on the back or carrier portion will not be accepted.

Decalcomania transfers known as toy transfers may be marked on each sheet, each book or package.

Imported ceramic or enamel transfers are not required to be marked with an indication of the country of origin.

Blind embossed or die stamped indication of the country of origin on printed or lithographed matter imported into Canada will be acceptable as satisfactory provided the marking otherwise complies with the requirements, particularly as to location, legibility, permanency and wording.

Ordinary printed or lithographed paper or other coverings, wrappers or containers, used merely to cover or contain shipments of goods consigned to Canada, are not required to be marked with an indication of the country of origin.

Printed or lithographed containers imported to contain goods for export, and printed or lithographed labels, stickers or wrappers, imported to be attached to goods manufactured or produced in Canada for export trade, may be exempted from the provisions of Section 16 of the Customs Tariff Act, provided the importer signs a certificate on the face of each entry as follows:

"The containers, labels, stickers or wrappers, described on this entry are imported bona fide by the undersigned to contain or to be attached to goods for export, and will be exported with such goods."

Imported containers, labels or wrappers, printed or lithographed, intended to be filled with or used upon domestic products may be marked in such a manner as to indicate the origin of the goods in their condition as imported, for example: "Label printed by John Jones, New York," thereby avoiding an improper imputation of origin in respect of the Canadian manufactured goods with which such imported containers, labels or wrappers are used.

Printed or lithographed matter, imported in *single* copies, unbound, for the use of the importer and not for sale, for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of the fine arts, may be delivered without being marked with an indication of the country of origin.

Books may be marked on the inside or outside of the front or back cover, the first or last page, or the title page.

Writing, marking or drawing pencils of all kinds pen holders of wood, and fountain pens.

Blind embossed or die-stamped indications of the country of origin on wooden or fibre lead pencils and penholders will only be accepted (1) on plain unpainted pencils and penholders without any other lettering thereon, when legible (2) on plain painted pencils and penholders without lettering thereon, when the combination of colours used in the die-stamping and on the pencil or penholder does not result in an indistinct or illegible indication, and (3) on pencils and penholders with lettering or other printed matter thereon, when the indication appears on the pencil or penholder in the same coloured lettering as the other printed matter. The indication on pencils must not be within one inch of an end which is or may be pointed.

Crayons or chalk, covered with wood, paper or other covering as a holder or for protection, are each required to be marked. Uncovered crayons or chalk may be marked on the first or immediate container.

Fountain pens, and pencils other than wooden or fibre lead pencils, may be marked with blind embossed or die-stamped indications of the country of origin in accordance with the general regulations, provided such marking otherwise complies with the requirements, particularly as to legibility, location, permanence and wording.

Empty paper or paper board folding or set up

boxes or cartons, and empty plain or corrugated fibre or fibre board boxes, for use as containers.

Toilet paper in rolls or interfold packages.

Brushes of all kinds.

Tooth brushes and tooth brush handles.

Boots, shoes and slippers may be marked on one or both of each pair

Ladies purses, in the form of handbags, not including bags made of beads, metal mesh or of a similar nature.

Artists' paint brushes.

Paper envelopes.

Paper envelopes are required to be marked on each envelope when imported in individual boxes containing more than 100 envelopes

Envelopes in quantities of 100 or less with country of origin showing on the box or wrapper may be regarded as satisfactory.

Greeting cards imported in boxes or packages with envelopes in equal quantity to match, each greeting card shall be satisfactorily marked, envelopes not required to show the indication of country of origin.

Chinaware and porcelainware (not including sanitary or toiletware), decorated or undecorated, as follows:

(i) articles commonly used in connection with the serving of food or drink; or intended or designed for household use for ornamental or decorative purposes;

(ii) kitchenware and utensils;

(iii) heraldic and souvenir ware.

Chinaware and porcelainware must be marked on each piece, except in instances where a lid or cover accompanies a pot, bowl or dish, in which case the lid or cover need not be marked where the pot, bowl or dish itself bears an indication of the country of origin.

An indication of the country of origin will not be accepted as complying with the requirements as to permanency if, although otherwise satisfactory, the marking has been accomplished by means of painting or stamping after the articles have been kiln-fired in the process of manufacture.

With respect to chinaware and porcelainware, the Department will accept the name of the country alone as a satisfactory indication of the country of origin, and will also accept the name of the manufacturing or producing firm accompanied by the country of origin, without the inclusion of the city or province in that country in which the manufacturer or producer is located. In the case of chinaware and porcelainware, the words "Made in," "Produced in," or words of similar import are not required.

(See also paragraph commencing "Any goods," etc., under "Prohibited Goods," p. 771.)

Articles wholly of porcelain for electrical use

Articles of porcelain made for the purpose of being united with other materials so as to form a composite article, as well as small porcelain beads used by electricians, may be marked on the first covering or container in which imported.

Packages containing fresh fruit, vegetables or honey are required to be marked with a label or stencil of suitable size in proportion to size of the packages. In the case of bags; stencilled, printed, interwoven or a suitable tag attached.

Vacuum bottles, carafes, flasks, jugs, jars and other thermostatic containers and refills or inserts for use therewith.

REGULATIONS

- (a) When such vacuum bottles or other containers are being imported in the form of complete articles, the marking shall be accomplished by

means of die stamping or other indelible impression on the metal or other container.

- (b) In the case of refills or inserts imported separately, the marking shall be accomplished by etching with acid or indelible printing.

DRAWBACK ON GOODS IMPORTED INTO CANADA AND EXPORTED THEREFROM

The following regulations have been established governing Customs and Excise drawback on goods imported into Canada and thereafter exported, effective on and from September 1, 1946.

When imported goods on which duties and/or taxes have been paid are exported from Canada, there may, subject to the following conditions, be allowed a drawback of ninety-nine per cent of the duties and/or taxes paid thereon:—

1. The drawback shall be paid to exporter of the goods.

2. Whole packages of goods as imported may be broken and part only thereof exported, but no use shall have been made in Canada of the goods exported;

3. The quantity and identification of such goods imported and exported and the amount of duties and/or taxes paid thereon shall be ascertained;

4. Claims for drawback submitted on and after September, 1, 1946, shall not cover goods exported for a period of more than twelve consecutive months and must be filed with the Collector and complete evidence attached thereto within a period of six months from the date of the last export entry covered by the claim. Such drawback claims shall not be paid unless the duties and/or taxes have been paid on the goods within three years of the date of exportation thereof, nor unless the entered value for duty of the goods exported, on which claim is made, is in the aggregate more than fifty dollars;

5. Claims for drawback shall be made under oath before a Collector, Justice of the Peace or Commis-

sioner for taking Oatbs, in such form as the Minister shall prescribe and shall, before payment, be verified to the satisfaction of the Minister, who may require, in any case, the production of such further evidence, in addition to the usual averments, as he deems necessary to establish the bona fides of the claim. Nothing in these regulations shall be deemed to alter or amend the law, or to affect any discretion vested in the Minister with respect to the payment or non-payment of drawbacks, and the Minister shall be the sole judge as to whether any claim for drawback shall be paid in whole or in part.

6. Upon the exportation of goods entitled to drawback, export entries, in triplicate, in the usual form (with the words "subject to Drawback" marked on the face), shall be filed with the Collector at the port of exit from Canada, naming the conveyance by which and the country or place to which the goods are to be exported and fully describing the kind and quantity thereof and also the marks and numbers on the packages;

of duties and/or taxes on the goods imported and exported, on which drawback is claimed. If a copy of the import entry, however, has been furnished with a previous claim for drawback, it will be sufficient to "refer" to such copy and indicate the claim to which it was attached, without furnishing a further copy of the entry;

(b) A certified true copy of the export invoice;

(c) A copy of the export entry, duly numbered and certified by the Collector at the port of exit where the goods were entered for exportation from Canada;

(d) A certificate of importation, sale or transfer, in form prescribed by the Minister, when the claimant entitled to drawback is not the importer of the goods.

CUSTOMS PROCEDURE, ETC.

EXPORTING TO THE UNITED STATES

The customs laws of the United States, governing the importation of goods, very materially differ from ours. They have no such thing as the manifesting system such as we have, and all merchandise is supposed to be entered at the first port of arrival. However, they have ports termed I.T. Ports (immediate transport ports) to which goods may be forwarded in bond, without appraisement at the frontier port. In this case the goods must be carefully marked "Forwarded in Bond."

Merchandise, in order to be entered under Immediate Transportation, without appraisement at the frontier, must be destined to a designated immediate transportation port, and must be billed via a port at which merchandise may be entered for transportation to another port without appraisement.

These ports through which goods must be billed and to which they must be consigned may be learned from the transportation company as the lists are too extensive to be given space here.

If goods are destined for a foreign country they are entirely under Transportation and Exportation entry in bond, in transit, for exportation from the seaboard port.

EXPORTING TO OTHER COUNTRIES

Exporters requiring information regarding invoice forms and Customs Regulations of other countries, applying to goods exported from Canada, should write to Department of Trade and Commerce, Ottawa.

GIFTS TO THOSE ON ACTIVE SERVICE

To be exported as gifts, addressed to members of the armed forces of the British Empire or their Allies, do not require a permit to export.

GOODS TO BE RETURNED TO THE U.S.

Merchants finding it necessary to return goods not according to order and wishing to obtain refund of duty will be required to make out four different forms to accompany the way bill when goods are shipped back. If shipment is over \$100.00 the forms are as follow:

1. "Foreign Owner's Oath" or "Oath of American Manufacture."

2. American Consular Certificate.

3. Export papers in triplicate.

4. One certified copy of Customs Incoming Manifest.

F.E.C.B. export permit—5 copies.

Where shipment is under \$100.00 the American Consular Certificate and Incoming Manifest are not required.

The intending consignee must send to the U.S. shipper for an affidavit on a prescribed form, mentioned above as the Oath of American Manufacture, declaring the goods to be of United States origin or manufacture, in order that the goods when returned may pass the U.S. Customs without duty.

When this affidavit is received it must be attached to the way bill by the transportation agent here and forwarded along with the goods. This will enable the United States Customs Officer at the frontier to recognize the goods as home manufacture and have them forwarded on to destination without duty. The original U.S. shipper may secure these forms at his Customs, but a better way is for the intending consignee to secure a copy from the local express agent here and forward same to the U.S. firm with all necessary explanation as to line of procedure and thus avoid possible delay.

The American Consular Certificate forms must be obtained from the nearest American Consul, who will send blank forms in triplicate. These must be filled in as required and returned to the American Consul with his fee, when he will return one copy to the intending consignee, who will attach same to way bill with other documents mentioned.

Export entry, procurable from Customs Department, must be made out by consignee in triplicate and attached to way bill together with the Foreign Owner's Oath, Consular Certificate and Incoming Manifest. One copy will remain on file at the port of exit, the second copy goes to the Customs Department and the third copy will be returned by the Customs officer at the Canadian port of exit to the merchant who returned the goods. He will then attach it to the refund of duty claim along with a

copy of the way bill as a guarantee that the goods have been returned.

Goods must be in Customs custody within six months of date of importation.

CURRENCY CERTIFICATE OF INVOICE

Importers should, when ordering goods from Britain or any foreign country, instruct the exporter or salesman to always give the value of the goods in the home consumption column of the invoice and to show the same in the currency of the country of export.

Internal taxes should be definitely stated.

The exporter should also be very carefully instructed to place on the invoice the currency certificate.

In respect of invoices of goods from Great Britain or from any country where the currency has not substantially depreciated, the certificate of the exporter, showing the relative value of the paper currency in standard currency is accepted.

In other cases where the currency has substantially depreciated, there must be furnished a certificate, signed by a Consul or a Canada Trade Commissioner, or of a Bank, in the following form:—

CERTIFICATE OF CONSUL

Date.....

I certify that at the date of exportation of the goods described in the within or annexed invoice, the true value of the currency, in which the invoice is made out, as compared with the standard dollar of Canada, is at the rate of.....

(Dollars and Cents)

per.....
(Here give the unit of currency of Invoice).

Signed.....

GOODS SHORT LANDED

In the case of goods duty paid and short received, delivery of same upon subsequent arrival can be obtained, without payment of duty anew, only when the following regulations are observed:—

(a) Notice of the short receipt of goods must be given to the collector in writing within thirty days of entry.

(b) If the goods have been omitted from the shipment, a declaration to that effect must be produced from the exporter.

(c) If a portion of the consignment has been delayed in transit by the carriers, a declaration to this effect will be required from the latter.

(d) No portion of a consignment of goods, duty-paid, in respect of which a short shipment occurs, is to be disposed of by the importer until the appraiser has had an opportunity of checking over the goods.

SETTLERS' EFFECTS ENTRY

Settlers' effects are admitted duty free, if actually owned abroad by the settler for at least six months before his removal to Canada, and subject to regulations prescribed by the Minister.

Provided that any dutiable article entered as settlers' effects may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

Settlers' effects, viz:—Machines and implements for agricultural purposes, moved by mechanical power, and motor vehicles valued at not more than one thousand dollars, and boats for fishing purposes, if actually owned abroad by the settler for at least six months before his removal to Canada, are free subject to regulations prescribed by the Minister of National Revenue.

Provided that in respect to motor vehicles valued in excess of one thousand dollars duty shall be payable only on the amount in excess of one thousand dollars.

Provided further that the said machines, vehicles, implements and boats may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

AUTOMOBILES IMPORTED BY NON-RESIDENTS FOR PLEASURE PURPOSES ONLY

1. Automobiles imported by non-residents for their personal transportation may be admitted without the payment of duty thereon, under Traveller's Vehicle Permit (Form E. 50) subject to the following regulations:

On arrival at the frontier Customs port of

entry, the driver of the automobile shall report at Customs and apply for a permit. The applicant for a permit shall be a non-resident of Canada and a temporary visitor therein. He or she shall be the owner of the automobile, or a member of the immediate family of the owner, who is also a non-resident of Canada, or shall be able to produce written authority from the owner to use such vehicle.

The automobile shall be admissible only when imported for the use of the non-resident permit holder, for the transportation of such non-resident, his family and guests, and such incidental carriage of articles as may be necessary and appropriate to the purposes of the journey, but not to be used for the transportation of persons or articles for hire, nor in any case primarily for the carriage of articles. The use by any other person than the non-resident permit holder shall result in seizure and forfeiture of the vehicle.

No fee is to be collected for Customs attendance at any time in connection with the entry of travellers' automobiles.

2. *Temporary Admission, forty-eight Hours, at Ports and Outposts on the Frontier Only*—In respect of automobiles entering Canada for a stay not exceeding forty-eight hours, when the Collector or Sub-Collector is satisfied that conditions of subsections (a) and (b) of Section 1 are complied with, he is authorized to permit entry upon the owner surrendering his State license card, which will be returned to him on the return journey. In such cases, the use of Form E. 50 may be dispensed with.

3. *Traveller's vehicle Permits for a Period not Exceeding Sixty Days*—In respect of automobiles entering Canada for a period not exceeding sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (a) and (b) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for a period not exceeding sixty days.

(a) Should a traveller who has been granted a sixty-day permit desire an extension for a further period up to six months from the time of original entry, he may, upon presentation of the permit before the expiry date of same, apply for such extension to any Collector or Sub-Collector of Customs and Excise, who, upon being satisfied as to the bona fides of the use of the automobile may issue a new Form E50 and retain the expired permit for cancellation.

4. *Traveller's vehicle Permits for a Period in Excess of Sixty Days*—If, on reporting at the Customs frontier port of arrival, the non-resident owner of an automobile desires a traveller's vehicle permit for a period in excess of sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (a) and (b) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for the period designated by the traveller, such period, however, in the first instance, not to exceed six months.

If, through accident, illness or other unusual circumstances, the exportation of the vehicle at the expiration of six months from the date of the original entry cannot be effected, the matter shall be reported to the Deputy Minister of National Revenue for Customs and Excise, Ottawa, who, if satisfied as to the bona fides of the application, may authorize the extension of the traveller's vehicle permit for such additional period of time as may be necessary, and may specify the conditions under which such extension may be granted, and with what security.

COMMERCIAL VEHICLES

5. *Carrying Passengers Only*.—Automobiles, motor trucks and other motor vehicles may enter Canada and return to the United States without payment of duty on such vehicles when employed in conveying passengers in transit across the frontier, provided they are employed only for through transportation of passengers (either or both ways) between a point or place in the United States and a point or place in Canada. After a careful examination and appraisal has been made of such vehicles to enable the Customs officer to identify them on leaving the Dominion. Commercial Vehicle Permit (Form E. 50-B) shall be issued by the Collector or Sub-Collector on his being furnished with:

(a) a cash deposit equivalent to the duty and taxes payable on the automobile, or

(b) a bond of an approved guarantee company on Form D-3½, or

(c) the special bond of an approved guarantee company on Form D3-A.

On exportation of the vehicle under Customs supervision within a period of thirty days, the cash deposit shall be subject to refund or the bond to cancellation. In default of proof of such exportation within thirty days, the cash deposit shall be taken to account as Customs duty and taxes, and the provisions of the bond enforced.

6. *Carrying Goods*.—Automobiles, motor trucks and other highway vehicles carrying goods (dutiable or not) for delivery to a point in Canada may be admitted under Commercial Vehicle Permit (Form E. 50-B), under the provisions of Section 5 above if proceeding to an interior port with a load (and under the same Section but without requiring a bond if the goods imported thereby are intended for delivery within the limits of the frontier port of arrival, provided the Collector is satisfied that security is not required), subject to due entry at Customs at the frontier port of arrival of all goods to be discharged in Canada, and the payment of all duties and taxes to which such goods may be liable, failing which, they must be forwarded in bond under manifest by railway to the port of destination. Provided, however, that goods arriving by highway vehicles entitled to entry on Form B 4 or B 4½ as settler's effects, and goods for bona fide exhibitions, or horses for racing purposes eligible for entry on Form B. 18, may be allowed to proceed to interior destinations under Commercial Vehicle Permit for the vehicle, and manifest Form A-8 for the goods, without convoy; the same privilege may be granted in respect of articles for special use, and horses for breeding purposes, if the report and deposit required under Memo D No. 23 (Revised 1942) and No. 5 respectively, are not made at the frontier, in which case the report, and deposit (if any) shall be made at the port of destination.

(a) The exemption from duty prescribed in these Regulations shall not apply to vehicles used by peddlers with goods for sale, in which case duty and taxes are to be collected, having due regard to the provisions of Tariff Item 1215.

(b) The term "local traffic" used in this Regulation, and in the bond forms established in connection therewith, and the term "through transportation" shall not be held to prevent motor vehicles of foreign origin and not duty paid brought in by non-residents of Canada and Used in the *International Conveyance of Passengers*—from, (i) discharging passengers at different points in Canada on the inward trip, provided such passengers are destined through direct from the point of embarkation to the point of discharge, or (ii) taking on passengers at different points in this country on the outward journey, provided the passengers so laden are destined through direct from the point of lading to a point in a foreign country; *This not to include the privilege of taking on passengers at one point in Canada and discharging such passengers of another point therein.*

7. *Arriving Empty to Obtain Load for Export at Frontier or Inland Port*.—Automobiles or motor vehicles of foreign origin and not duty paid, being driven into Canada to obtain a load for export, may be admitted under the provisions of Section 6 if proceeding to an interior port for a load, and under the same Section but without requiring a bond if obtaining the load within the limits of the frontier port of arrival, provided the Collector is satisfied that security is not required. Export entries must be required in respect of all goods exported by motor vehicle.

8. Automobiles, trucks and other vehicles exported temporarily by residents of Canada.

(a) Automobiles, trucks and other vehicles of Canadian origin, or duty paid in Canada, whether travelling under their own power or transported by rail or ship, may be exported, temporarily, upon execution of Form E-60. This Form (which may be issued and verified at any Port in Canada) and the relative Provincial Motor Vehicle Permit, are required to be shown to Canadian Customs when departing from or returning to Canada. This means of identification permits the car and

equipment to be admitted without payment of duty and taxes, except upon the value of repairs and equipment acquired abroad, as noted in paragraph (b).

(b) If it became necessary, because of an accident, to have repairs made abroad in order to enable the vehicle to continue the tour and return under its own power, the compulsory repairs so made shall be exempt from duty and taxes provided that such exemption from duty and taxes shall not be allowed on repairs exceeding \$200 in value, except with the authority of the department. In cases where no accident to the vehicle has occurred, but tire casings or inner tubes, or both, have been replaced in the ordinary course, exemption from duty and taxes may be granted under this regulation on one tire casing and one inner tube only.

(c) If additional equipment is installed and when the Provincial Motor Vehicle Permit expires, a new Identification Form E-60 is required.

9. *Vehicles Carrying Two-way Radio Installations, or "Mobile Telephones"*.—Pending international arrangements whereby the apparatus may be utilized in either country, vehicles equipped with mobile telephones may be permitted entry into Canada under Traveller's Vehicle Permits or Commercial Vehicle Permits as the case may be, provided the installations are secured by Customs seals in such a manner as to prevent operation in Canada. After the installation has been placed under seal and noted on the permit form, the vehicle will be allowed to proceed. On report onwards the seal will be removed by the Customs Officer. Should the seal be found to have been broken or removed, the vehicle will be subject to seizure.

10. *Carrying Goods in Transit Only*.—Highway vehicles may enter Canada without payment of duty on such vehicles and return to the United States when employed in conveying goods (dutiable or not) in transit in bond through Canada from one point or points in the United States to another point or points therein, under the following regulations:

(a) Motor vehicle operators desiring to become bonded carriers as provided for in these regulations shall make application to the Department of National Revenue, Ottawa, for the privilege.

(b) Upon the application being approved, the applicant shall be required to submit to the Department the bond of a Guarantee Company acceptable to the Dominion Government in approved form as set forth in Appendix I hereof in a penal sum to be fixed by the Minister not to exceed \$80,000, the bond to remain in full force and effect for a period of twelve months unless revoked prior to expiration, and shall be subject to renewal thereafter annually with the approval of the Department.

11. *In Transit Movements by Highway Through the United States*.—Canadian highway vehicles may enter the United States and re-enter Canada without payment of duty on such vehicles when employed in conveying passengers and their baggage and/or merchandise in transit in bond through the United States from one point in Canada to another point therein under certain regulations.

For further regulations, Consult Collector of Customs at nearest port.

NON-RESIDENTS FOR PLEASURE PURPOSES AIRCRAFT IMPORTED TEMPORARILY BY

1. Advance notice of arrival:

(a) Prior to departure for Canada from a foreign airport, advance notice of date and approximate time of arrival shall be given to the proper officer of Customs.

(b) Advice to Customs officers as to time and place of first arrival at a Canadian Customs airport shall be forwarded by mail, telephone or telegraph. If considered advisable, the tourist may request the Canadian Customs officer to furnish a reply, which can then be carried into Canada by the pilot. The importance of this will be realized when one considers the possibility of overflying the intended airport or landing at another place by mistake, or making a forced landing, in all of which cases the reply from the Canadian Customs Officer will assist in establishing the bona fides of the tourist in making his report to Customs or the Royal Canadian Mounted Police,

as the case may be. Without such a telegram the tourist's presence at a place where no advance notice of his arrival had been received might render him subject to suspicion.

(c) Advance notice as referred to above will not be necessary if first landing is to be made at Dorval Airport, Montreal, P.Q., at which point 24-hour service is maintained.

2. Formalities on landing:

(a) First alighting of the aircraft shall be made at a Customs airport or airfield designated as such by the Department.

(b) On arrival, the owner or pilot of the aircraft shall report to the proper officer of Customs.

(c) Provided he is satisfied that the aircraft is being imported and will be used by a non-resident for purposes of health and pleasure only and not for trade or profit, the Customs officer may issue Permit Form C-15 for a period not exceeding 3 months.

(d) Should subsequent landings be made in Canada prior to final departure, no report at Customs is necessary provided the owner or pilot is in possession of a valid Form C-15. However, he shall produce the same to Customs or airport officials, or police authorities, on request, as evidence of his right to alight without report at Customs.

3. Formalities on departure:

The owner or pilot of the aircraft shall, prior to the final take-off for departure from Canada, which shall be made from a Customs Airport or Airfield designated as such by the Department, report to the proper officer of Customs and surrender Permit Form C-15.

AIRCRAFT EXPORTED TEMPORARILY TO THE UNITED STATES, ALASKA AND NEWFOUNDLAND BY CANADIAN RESIDENTS FOR PLEASURE PURPOSES

4. In simplifying the requirements for the reporting of pleasure aircraft the Department has waived the necessity of the pilot (or tourist) furnishing written outwards and inwards reports in respect of aircraft under Canadian registry owned by residents of Canada and operated by them for purposes of private flying only and not for the transportation of goods or passengers for gain or hire. Departure must be made from, and the first landing on return must be made at, a Customs airport or airfield of entry and exit.

It is obvious that some means of identification of Canadian machines must be provided in order that the way may be open for their return without being liable to assessment of duty and taxes.

The Department has authorized a special identification form (Form E. 61) for this purpose. Particular attention should be paid to the fact as to whether or not the aircraft is supplied with heater, radio, etc. Note of the serial numbers of the tires, engine and propeller should be taken.
